

Affiliation	Investigator Clinical Neuroscience Solutions, Inc. (CNS Healthcare of Memphis) 6401 Poplar Avenue, Suite 420, Memphis, TN 38119 2008 – Present
Education	1969-1973 The Johns Hopkins University School of Medicine Baltimore, Maryland 1965-1969 B.A., Dartmouth College Department of Chemistry Hanover, New Hampshire
Professional Training	1973-1974 Internship Pediatric (PL 1), The Johns Hopkins Hospital Baltimore, Maryland 1974-1976 Residency Pediatric (PL2, 3), The Johns Hopkins Hospital Baltimore, Maryland 1976-1978 Fellowship Clinical Pediatric Cardiology, The Hospital for Sick Children Toronto, Ontario 1978-1979 Fellowship Clinical Pediatric Cardiology, The Hospital for Sick Children Toronto, Ontario
Professional Honors	1965 Gannan Award in Natural Philosophy 1968 Undergraduate: Phi Beta Kappa 1969 Summa Cum Laude 1969 Honors in Chemistry 1981 Outstanding Young Faculty Member, Medical College of Georgia 1990 Plough Foundation Chair of Excellence in Pediatrics 2008 AAMI Standards Board
License/ Accreditation	1973 - Maryland 1979 - Georgia, #20507 1984 - Tennessee, #15506 1987 - Arkansas, #R3757

Hospital Appointments	1979 - 1984	Eugene Talmadge Memorial Hospital, active full-time staff Augusta, Georgia
	1979 - 1984	University Hospital, consulting staff, Augusta, Georgia
	1979 - 1984	The Medical Center of Central Georgia, Consulting staff, Macon, Georgia
	1979 - 1984	Memorial Medical Center, consulting staff, Savannah, Georgia
	1979 - 1982	Dwight D. Eisenhower Army Medical Center, Consulting staff, Augusta, Georgia
	1982 - 1984	Montcrief Army Hospital, Ft. Jackson, Consulting staff, Columbia, South Carolina
	1982 - 1984	Houston County Hospital, consulting staff, Warner-Robbins, Georgia
	1984 - Present	Le Bonheur Children's Medical Center, Full-time staff, Memphis, Tennessee
	1984 - Present	Baptist Hospital & Baptist East, consulting staff, Memphis, Tennessee
	1984 - Present	St. Francis Hospital, consulting staff, Memphis, Tennessee
	1984 - Present	St. Jude Research Hospital, consulting staff, Memphis, Tennessee
	1984 - Present	Regional Medical Center, consulting staff, Memphis, Tennessee

Academic Appointments

July, 1979 - June, 1983	Assistant Professor of Pediatrics, The Medical College of Georgia, Augusta; Section of Pediatric Cardiology; Director of Human Performance Laboratory; Director of Pediatric Cardiac Catheterization Laboratory
July, 1983 - June, 1984	Associate Professor of Pediatrics, The Medical College of Georgia, Augusta, Section of Pediatric Cardiology
July, 1984 - June, 1990	Associate Professor and Chief, Division of Pediatric Cardiology, University of Tennessee, Memphis, TN
July, 1990 - Present	Professor of Pediatrics Plough Foundation Chair of Excellence

Professional Organizations

Fellow - Council on High Blood Pressure Research, American Heart Association

Fellow -1988 - The American College of Cardiology Grader of abstracts for Annual Meeting

Fellow -The American Academy of Pediatrics

Member - 1988-1989 American Heart Association, Secretary-Treasurer Shelby County Unit

1987-1988; President-Elect Shelby County Unit

Member - Council on Cardiovascular Disease with Young, American Heart Association

Member - Subsection of Pediatric Cardiology of the American Academy of Pediatrics

Member - 1988-1989, Southeastern Pediatric Cardiology Society, President-Elect

Member - Society for Pediatric Research Member - Southern Society for Pediatric Research

Member - 1988-1989 Memphis Cardiovascular Society, Treasurer
Member-North American Society of Pediatric Exercise Medicine, 8/96 elected Secretary/Treasurer

Member-American Heart Association, Committee on Atherosclerosis, Hypertension, and Obesity in the Young (AHOY), 7/01/2006-6/30/2006

**Reviews, Book Chapters
& Miscellaneous
Publication**

Alpert BS, Mellits ED, Rowe RD: Spontaneous closure of small ventricular septal defects –probability rates in the first five years of life. Am J Dis Child 125:194-196, 1973.

Alpert BS, Cook DH, Varghese PJ, Rowe RD: Spontaneous closure of small ventricular septal defects: 10 year follow-up. Pediatrics 63:204-206, 1979.

Alpert BS, Bain HH, Balfe JW, Kidd BSL, Olley PM: The role of the renin-angiotensin-aldosterone system in hypertensive children with coarctation of the aorta. Am J Cardiol 43:828-834, 1979.

Alpert BS, Culham JAC: A severe complication of pulmonary vein angiography. Br Heart J 41:717-729, 1979.

Alpert BS, Bloom KR, Olley PM, Trusler GA, Williams CM, Rowe RD: Echocardiographic evaluation of the right ventricular function in complete transposition of the great arteries: Angiographic correlates. Am J Cardiol 44:270-275, 1979.

Cook DH, Alpert BS, Rowe RD, Varghese PJ: Sex difference in rates of spontaneous closure of ventricular septal defect. J Pediatr 95:331-332, 1979.

Alpert BS, Lewins MJ, Rowland DW, Grant MJ, Olley PM, Soldin SJ, Sawyer PR, Coceani F, Rowe RD: Plasma indomethacin levels in pre-term newborns with symptomatic patent ductus arteriosus: Clinical and echocardiographic assessment of response. Advances in Prostaglandin and Thromboxane Research. Vol 7, (Chapter B50). Edited by Samuelson B, Ramwell PW, and Paoletti R, pp. 883-885, 1979.

Alpert BS, Lewins MJ, Rowland DW, Grant MJ, Olley PM, Soldin SJ, Sawyer PR, Coceani F, Rowe RD: Plasma indomethacin levels in pre-term newborns with symptomatic patent ductus arteriosus - clinical and echocardiographic assessments of response. J Pediatr 95:578-582, 1979.

Alpert BS, Bloom KR, Gilday D, Olley PM: The comparison between noninvasive and invasive methods of stroke volume determination in children. Am Heart J 98:763-766, 1979.

Alpert BS, Culham JAG: A severe complication of pulmonary vein angiography. Br Heart J 42:619, 1979. (Clinical Note).

Alpert BS, Bloom KR, Newth CJ, Olley PM: Hemodynamic responses to supine exercise in children with left-sided cardiac disease. Am J Cardiol 45:1025-1032, 1980.

Alpert BS, Bloom KR, Olley PM: The assessment of left ventricular

contractility during supine exercise in children with left-sided cardiac disease. *BR Heart J* 44:703-710, 1980.

Alpert BS, Gilman PA, Strong WB, Ellison MF, Miller MD, McFarland J, Hayashidera T: Hemodynamic and electrocardiographic responses to exercise in children with sickle cell anemia. *Am J Dis Child* 135:362-366, 1981.

Alpert BS, Benson L, Olley PM: Peak left ventricular pressure/volume (E_{max}) during exercise in control subjects and children with left-sided cardiac disease. *Cathet Cardiovasc Diagn* 7:145-153, 1981.

Alpert BS, Kartodihardjo W, Harp R, Izukawa T, Strong WB: Exercise blood pressure - a predictor of severity of aortic stenosis in children. *J. Pediatr* 98:763-765, 1981.

Alpert BS, Rao PS, Moore HV, Covitz W: Surgical correction of anomalous right superior vena cava to the left atrium. *J Thorac Cardiovasc Surg* 82:301-305, 1981.

Alpert BS, Covitz W, Eubig C, Brown M: False positive thallium scan. *J Pediatr* 99:333-334, 1981.

Alpert BS, Dover EV, Booker DL, Martin AM, Strong WB: Blood pressure response to dynamic exercise in healthy children - black vs white. *J Pediatr* 99:556-561, 1981.

Strong WB, Alpert BS: The child with heart disease: Play, recreation and sports. *Current Problems in Cardiology* 6:1-38, 1981.

Alpert BS, Strong WB: Heart murmurs in children. Are you too quick to refer? *Diagnosis* 3:81-86, 1981.

Alpert BS, Boineau J, Strong WB: Exercise-induced ventricular tachycardia. *Ped Cardiol* 2:51-55, 1982.

Alpert BS, Rao PS: Exercise testing in tricuspid atresia. Chapter in *Tricuspid Atresia*. P.S. Rao, editor, Futura Publishing Company, Inc. Supplement to Chapter 10, pp. 147-151, 1982

Alpert BS, Rao PS: Left ventricular function in tricuspid atresia. Chapter in *Tricuspid Atresia*. P.S. Rao, editor, Futura Publishing Company Inc., Chapter 13, pp. 197-200, 1982.

Robertson AF, Alpert BS: Transient Heart Disease in the Newborn. *South Med J* 75:841-847, 1982.

Alpert BS, Flood NL, Strong WB, Blair JR, Walpert JB, Levy AL: Responses to exercise in children with sickle cell trait. *Am J Dis Child* 136:1002-1004, 1982.

Alpert BS, Flood NL, Balfour IC, Strong WB: Automated blood pressure measurement during ergometer exercise in children. *Cathet Cardiovasc Diagn* 8:525-533, 1982.

Alpert BS, Flood NL, Strong WB, Dover EV, DuRant RH, Martin AM, Booker DL: Responses to ergometer exercise in a healthy biracial population of children. *J Pediatr* 101:538-545, 1982.

Alpert BS, Strong WB: Which sports for the young heart patient? *Diagnosis* pp. 70-79, September, 1982

Taylor WJ, Alpert BS: Prostaglandin and the management of congenital heart disease. *Am Fam Physc* 26:127-136, 1982.

Alpert BS, Eubig C, Gray B: Thermodilution Qp/Qs: An indicator dilution method. *Ped Cardiol* 4:13-17, 1983.

DuRant RH, Dover EV, Alpert BS: An evaluation of five indices of physical working capacity in children. *Med Sci Sports Exerc* 15:83-87, 1983.

Covitz W, Eubig E, Balfour IC, Jerath R, Alpert BS, Strong WB, DuRant RH, Hadden BG: Exercise-induced cardiac dysfunction in sickle cell anemia: A radionuclide study. *Am J Cardiol* 51:570-575, 1983.

Alpert BS, Verrill DE, Flood NL, Boineau JP, Strong WB: Complications of ergometer exercise in children. *Ped Cardiol* 4:91-96, 1983.

Alpert BS, Moes DM, DuRant RH, Strong WB, Flood NL: Hemodynamic responses to ergometer exercise in children and young adults with left ventricular pressure and volume overload. *Am J Cardiol* 52:563-567, 1983.

Balfour IC, Covitz W, David H, Rao PS, Strong WB, Alpert BS with the technical assistance of Reyes L, Hardy M: Cardiac Size and Function in Children with Sickle Cell Disease and Sickle Cell Trait. *Proceedings of International Symposium on Pediatric Work Physiology*, 1983.

Balfour IC, Strong WB, Covitz W, Alpert BS: Dynamic Exercise in Children with Sickle Cell Disease and Sickle Cell Trait. *Proceedings of International Symposium on Pediatric Work Physiology*, 1983

Alpert BS, Strong WB: Exercise and the young heart patient. *CVP* 12:23-28, 1984.

Alpert BS, Covitz W: Anomalous drainage of the right superior vena cava into the left atrium. *J Amer Coll Cardiol* 3:467, 1984.

Alpert BS, Jureidini SB, Vanderzalm T: Resolution of prostaglandin-induced cortical hyperostosis in an infant. *South Med J* 77:1039-1040, 1984.

Alpert BS: Steroid-induced hypertrophic cardiomyopathy in an infant. *Ped Cardiol* 5:117-118, 1984.

Alpert BS, Dover EV, Strong WB, Covitz W: Longitudinal exercise hemodynamics in children with sickle cell anemia. *Am J Dis Child* 138:1021-1024, 1984.

Alpert BS, Neal MJ, Moore HV: Coronary arteriovenous fistula - A local epidemic. *Am J Cardiol* 54:683-685, 1984.
